

NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

Texas voters will return to the polls Saturday to try to finish the job they started last month in the Democratic Primary. There will still be four state-wide races undecided until the results are in from this runoff election.

Probably the most important of the four races will be the one for Governor with Dolph Briscoe and Mrs. Frances Farenthold coming out on top after the first voting.

Even though Briscoe came close to winning the race without a runoff in the first voting he is expected to have a strong opponent in Mrs. Farenthold in this second primary.

All reports indicate that Mrs. Farenthold's backers are much better organized now than they were in the first primary. It seems that many of her backers did not think she had a chance before but have really gone to work now that she is in the runoff.

With Briscoe carrying over 70 percent of the vote in Jones County and most of West Texas we don't think he will have any trouble out here if the people will go vote. But that is going to be the problem. You can bet that nearly every one of Mrs. Farenthold's voters from the first primary will be back again, along with some more.

If you want Dolph Briscoe to be your next Governor instead of "that woman" then you had better go to the polls and finish the job you started a month ago. It would be kind of sad to wake up Sunday morning to find out that Briscoe lost because you did not bother to vote on Saturday.

This newspaper endorsed Briscoe in the first primary and still believes that he is the man for the job. And with the choice now narrowed down between Briscoe and Sissy there is no question but Briscoe is the one for the job.

In the other races we will stay with Barefoot Sanders for United States Senator over Ralph Yarborough and with Wayne Connally over Bill Hobby for Lieutenant Governor. Although this is the one race where we felt that the people of Texas will be well served by either of these men.

We don't know about the race for Comptroller of Public Accounts. Robert Calvert is well past the retirement age but we know nothing about this James Wilson who is opposing him and suspect it might be just as well to stay with Calvert one more term and hope he retires or has a strong opponent next time.

Remember if you voted in the first primary you did only half the job and you need to go vote this Saturday and finish what you started.

We received a note this week from Dave Drummond, son of Mr. and Mrs. G. W. Drummond, of Hamlin, to change his subscription address as he has been named head football coach at Valley Independent School. This is a new Class A school that is the result of the consolidation of the Turkey and Quitaque school districts.

Dave has been at Canyon this past year where he has been on the staff of Gene Mayfield at West Texas State. Before that he spent a year as head junior high coach at Socorro, N. M.

The new Class A school will be in the same district with Memphis, Wellington and Clarendon.

In the weekly newspaper business about the only holidays that don't create a lot of problems for us are those that fall on Monday or Friday (Saturday and Sunday holidays don't create any problems either but they don't give us any extra time off). Because of this we are glad that the

AT HIGH SCHOOL—

Runoff Election Set Saturday

There will only be one voting box open in Hamlin Saturday for the Democratic Party Primary Runoff elections. Both the East and the West boxes have been combined for this election and all voters will vote at the high school building.

Voters will vote on four state-wide races and one local race Saturday.

Polls will open at 8 a.m. and close at 7 p.m.

Leading the ballot will be the race for United States Senator with Ralph Yarborough and Barefoot Sanders vying for the nomination to this post. Next on the ballot will be the race for Governor with Dolph Briscoe and Mrs. Frances Farenthold making it into the runoff.

Bill Hobby and Wayne Connally are in the runoff for the post of Lieutenant Governor and Robert Calvert is being opposed by James Wilson for the office of Comptroller of Public Accounts.

Special Election Called Tuesday

Bill Tippen of Abilene will be unopposed in a special election to be held Tuesday, June 6, to fill the unexpired term of State Senator, District 24.

The election has been called to fill the post created by the resignation of David Ratliff of Stamford. The term is for the balance of this year.

Only one voting box will be open in Hamlin for this special election with all local voters casting their ballots at the high school on Tuesday.

On the local level, voters will have their choice between W. L. "Bill" Moore and Burnia Reid, both of Hamlin, for Commissioner of Precinct One, Jones County.

BCD to Host Trip to Watch Rangers Play

The Board of Community Development will sponsor a "Night with the Rangers Baseball Team" Saturday, June 24, at 7:30 p.m. in Arlington Stadium when the Rangers meet Chicago.

Plans are being made for a chartered bus for the group. Departure will be June 24 at 12 noon and the bus will go directly to Arlington Stadium. Return will be after the game.

Hamlin will be spotlighted at the stadium via the Message Board and recognition given to the group via the Texas Radio-Television Network.

The entire cost of the trip for bus and preferred seats at the game will be \$13.00 per person.

Reservations are to be made at the BCD office. Deadline is June 16 for reservations.

Old Settlers Reunion Set

The Old Settlers Reunion and Cemetery working at Newman will be held Saturday, June 3.

Everybody is invited to bring a lunch basket and spend the day, says Mrs. Lea Dickerson of Sylvester who has been active in the Newman Community reunion.

Merchants to Host Flea Market Here

A large crowd is expected in Hamlin Saturday as the local merchants are hosting another downtown Flea Market. The project is sponsored by the Retail Trade Committee of the Hamlin Board of Community Development.

People from over the area are being invited to bring all of their unwanted goods to town that day and take part in this big garage sale. Local merchants will be joining those taking part in this big event by bringing a great many specially priced goods out on the sidewalk.

Frank Shearer, chairman of the Retail Trade Committee, said his committee and other downtown merchants will be on hand Saturday to assist anyone in finding a place to set up their merchandise that they wish to sell.

Swimming Pool To Open Today

The Hamlin Swimming Pool will open today (Thursday) for the summer season, according to Ellis West, president of the Hamlin Foundation, operators of the pool.

The pool will open at 1 p.m. each day, Monday through Saturday, with Mrs. Ellis West serving as manager.

Admission prices set by the Foundation are 30 cents for children up to six years of age, 50 cents for six to 12 year olds, and 75 cents for those 12 and over. Tickets good for six swims may be purchased for the price of five.

TAMMY HARGROVE . . . to write summer column

Miss Hargrove To Write About Visitors Here

News about visits and visitors of local residents will be featured in a new column in the Hamlin Herald this summer to be written by Tammy Hargrove of Crane.

Miss Hargrove is spending the summer here with her grandparents, Mr. and Mrs. W. C. Hargrove. She has chosen "Summer Safari" as the title of her column. She will be writing about comings and goings of local people and urges everyone to call her at 576-3307 with items of interest.

A recent graduate of Crane High School, Miss Hargrove studied journalism for two years and was a photographer. She is the daughter of Mr. and Mrs. Troyce Hargrove and was born here in 1953. Her family moved from here to Goldsmith in 1957 and then to Crane in 1959.

At Crane High School she was a member of Quill and Scroll Chapter, was in band three years, played basketball as a junior and senior and participated in track two years.

She plans to attend nursing school at Angelo State University in San Angelo in the fall.

MONDAY, JUNE 12—

Council Sets Hearing On \$416,000 Budget

The Hamlin City Council approved a budget for the 1972-73 fiscal year at a called meeting here Tuesday evening and set a public hearing on it Monday, June 12 at 1 p.m. in the City Hall building.

The tentative budget calls for the expenditure of \$416,445.00 during the current year with revenue expected to be \$421,576.50. This expense figure does not include any costs of the new sewer system which is still awaiting State approval.

Included in the budget are wage adjustments for city employees, \$3,000 for repair of the loader used in the sanitary landfill, \$3,000 to be used on the purchase of a new gravel loader which is expected to cost over \$20,000, and \$4,000 for a posting machine for the city. Also included in the budget is the money for seal coating 40 blocks of the city's paving.

While the new budget is over \$4,000 greater than the budget last year, it is \$25,000 less than what the city actually spent this past year. Not included in last year's budget was the \$25,000 fire truck which was purchased and paid for last year.

The new budget has a projected surplus of about \$5,000.

The projected income for the Waterworks Revenue Fund in the new budget is \$128,350 and the total expenses for this fund are set at \$125,125. This reflects the increased water rates put into effect at the last regular council meeting.

The General Fund expenses by departments in the new budget are: Sewer Department, \$31,020.00; Street Department,

\$31,140.00; Police Department, \$55,515.00; Fire Department, \$7,535.00; Administration, \$35,750.00; and Park Department, \$1,000.00.

In the called meeting the council also discussed the proposed extended area service being offered by Southwestern Bell Telephone Company which would permit toll-free calls between Hamlin, Anson and Stamford. The council took no official action on the matter but indicated their approval of the plan if it is also approved by Stamford. The Anson Council has already indicated their approval.

The proposal, if approved, would call for an interim rate increase to be followed by another rate increase when the service becomes available some 18 to 24 months later.

In other action the council discussed a new gravel loader to replace the one that has been worn out for a number of years and is beyond repair. It was the general opinion of the members that it would be wiser to buy a new loader rather than a used one. They authorized Ellis West, city superintendent, to draw up specifications for bids and to have them ready for the next regular meeting.

Four Local Men Named Directors of F & M Bank

Four Hamlin business and professional men were named directors of the Farmers and Merchants National Bank at special called meeting of the board here Friday afternoon,

according to Leldon Clifton, board chairman.

The four men who bought stock in the local bank and who were named directors are Johnny Bryant, Joe Hudspeth, Cecil Sellers and Dr. James Harrison.

Clifton, in making the announcement said that the addition of these local businessmen as directors of the local bank would be an asset to the community and would help the bank better serve the needs of Hamlin and this area.

The F and M National Bank, in its April 18 report of condition showed assets of over \$10 million and deposits of over \$9.

Other directors of the bank include Clifton, W. T. Johnson, Joe Ford, Donald Young, all of Hamlin and W. J. Bryant of Stamford.

The four men added to the board are all active in the business and civic affairs of Hamlin and this area. Bryant is in the insurance business here and also farms. Hudspeth is owner of Joe Hudspeth's Tire and Appliance store here and in several area towns. Sellers is the owner of Seller's Cattle Company located here and is also the owner of the Sweetwater Livestock Auction, Inc., in Sweetwater. Dr. Harrison is a local dentist with ranching interests.

Foursquare Names Pastor

They are expected to arrive in Hamlin today (Thursday).

Pentecostal Church to Host Youth Rally

Rev. Curtis Young of Lubbock, district young people's president, will speak here Friday evening at 8 o'clock at the Sectional Youth Rally at United Pentecostal Church, Northeast Ave. B at Second Street.

After this service the young people will have a four hour prayer meeting until 2 a.m.

Rev. A. P. Tipton is pastor of the host church.

\$360 Raised In Buddy Poppy Sales Here

Proceeds to date for the Buddy Poppy Sale being sponsored by the Hamlin V.F.W. Post 6014 and the Ladies Auxiliary have reached over \$360 according to Mrs. Raymond Nichols, president of the Auxiliary.

Donations are still being received and the total is expected to increase considerably when all members' donations are given.

Local Pastor Attending Convention

Rev. and Mrs. Howard Jones and Jamie are attending the Southern Baptist Convention in Philadelphia, Pa., this week. They will return home June 10.

In the pastor's absence, the pulpit of First Baptist Church will be filled both services Sunday by T. O. Upshaw, Double Mountain Baptist Area missionary.

The Wednesday evening services will be directed by Danny Hix and Mike Brown.

Weekend events should be reported to the Herald by noon Monday.

NEW AT FOURSQUARE — The new pastor of Foursquare Gospel Church, Rev. Robert Corser, is shown with his wife, Joan, and son, Robie Gene, 14 months. They are due in Hamlin today (Thursday).

Hamlin Senior To Attend Science Lab

Richard V. Wallace, a senior in Hamlin High School this fall, will represent Hamlin at the one-week High School Honors Science Institute on Environment, Science, and Man, June 4-9, on the campus of Hardin-Simmons University. H-SU will play host to 94 talented high school students throughout Texas, Oklahoma, New Mexico and Illinois.

According to Dr. Charles D. Robinson, head of the department of mathematics at H-SU, the general theme of the program will reveal certain underlying principles shared by all of the students and will heighten the student's awareness of the nature of the physical world in which he lives.

"The program is intended to allow students to see what scientists and mathematicians do with their time and to permit the students to become acquainted with campus life," added Robinson.

High school students graduating in the spring of 1973 and who were recommended by their science or mathematics teacher were eligible to apply to the H-SU supported program.

Richard is the son of Mr. and Mrs. V. M. Wallace.

Neinda Philosopher Finds Things To Think About In Telephone Law

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One reports on a new idea he's discovered.

Dear editor: Every once in a while somebody comes up with a new idea, and I found one last night buried on an inside page of a newspaper where I had gone to get away from the turmoil on the front page. I don't mind reading about a problem bad enough to get on the front page if it has an answer, but most of the problems being headlined today don't have any answers.

Anyway, a town, I forget its name, has passed an ordinance limiting the telephone calls telephone salesmen can make. If you can want to sell something by phone, you have to buy a permit and can call only on weekdays from 8 a.m. to noon and 4 p.m. to 8 p.m. Violators are subject to a \$200 fine.

This is a step in the right direction but it doesn't go far enough.

What we need — and I haven't worked out the details on it yet — is a law preventing anybody from calling anybody else unless the called person wants to be called. I don't remember the figures but I remember reading a while back the number of telephone calls made each year in the United States and it runs into the billions and billions.

I estimate that fifty percent and maybe three fourths of those calls were to people who had just as soon not be called, some particularly at the time

and others not at all.

Now the problem for Congress is to figure out a law that prohibits unwanted telephone calls.

I don't see how members of Congress can do it, but it'd give them something to do to get their minds off all those other problems they can't find answers to either.

Meanwhile, if you want to develop strength of character, the next time your phone rings just sit there and let it ring till whoever's calling gives up. If

you can resist the temptation to answer, you have conquered one of man's major frailties. Excuse me, I've got to stop, the phone's ringing.

Yours faithfully, J. A.

NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

new Monday Holiday Bill went into effect.

We enjoyed Memorial Day falling on Monday even it it was on the 29th rather than the 30th. We have never found any way that we can take off on Tuesday or Wednesday and still get a paper out and when a holiday falls on Thursday the Post Office cannot deliver the paper and this causes problems.

Just noticed that July the Fourth falls on Tuesday this year so we will probably take Monday and work Tuesday.

So for our part we would like to see more Monday holidays.

MAKING WAY...

The drawbridge makes way for the boat to come into the city and down the canal. Dredges make canals in open waters such as the gulf to make way for ships to travel an inter-coastal waterway. Police officers and secret service men clear a path in the crowds to make way for an important foreign potentate so that he might arrive at his destination.

Church members are the ones who can clear the way, and show the right path to those who have not found the way to our Lord.

Isaiah 40:3B reads, "Prepare ye the way of the Lord, make straight in the desert a highway for our God."

Support your church in every way you can. Ask someone to attend church with you this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Linda Witt Contributes To Magazine

Linda Witt is among 24 McMurry College students who contributed to the spring edition of The Galleon, McMurry literary magazine.

Daughter of Mr. and Mrs. Gene Witt, she is a drama major and is on the staff that edits the Galleon.

Her contribution was "A Rock On The Desert."

The Galleon, founded in 1923, is sponsored by the McMurry English Department. It is its purpose is to present the best creative student writing on campus.

Larry Collins Gets Training

FT. LEONARD WOOD, MO (AHTNC) May 12 — Army Private Larry C. Collins, 19, son of Mr. and Mrs. Joe C. Collins, Route 1, Hamlin, recently completed the wheeled tractor operator course at Ft. Leonard Wood, Mo.

During the eight-week course, he was trained to smooth surfaces for roads, airfields, parking lots and other large areas. Students also learned to slope banks and to prepare drainage ditches for better control of erosion.

He is a 1970 graduate of Hamlin High School.

SENIOR CLASS FAVORITES — Alton Trotter, left, son of Mr. and Mrs. Buford Bigham, and Carol Shearer, daughter of Mr. and Mrs. Frank Shearer, were chosen class favorites by the Class of 1972. Their selection was revealed in the presentation of the Piper, Hamlin High School yearbook recently. (Photo by Tim Jones)

T. W. Current Ends Training

Aberdeen Proving Ground, MD. — Army private Theodore W. Current, 18, son of Mr. and Mrs. Mary Z. Current, Route 1, McCaulley, Tex., recently completed a seven-week recovery and evacuation specialist course at the U. S. Army Ordnance Center and School, Aberdeen Proving

Ground, MD.

He learned to perform recovery and evacuation operations for abandoned, damaged, disabled and mired vehicles. He also was taught to operate light and medium track recovery vehicles, wrecker trucks and tank transporters.

He entered the army in December 1972 and completed basic training at Ft. Polk, La.

'Red Alert' Is Sounded In State Screwworm Battle

A "red alert" is being sounded throughout the state as screwworms continue to assault livestock and other animals, according to Jones County Agent Kirby Clayton. "It is vital that all animals be inspected closely and regularly so that infestations can be pinpointed and treated with sterile flies," says Agent Clayton.

Weather conditions were favorable for heavy screwworm buildup last winter in northern Mexico as well as in parts of the Southwest explains the agent. Some infestations were also spread by transporting infested livestock last fall, and the insect pest spent the mild winter in new quarters. This spring overall conditions were "ripe" for a massive screwworm invasion.

According to Clayton, more than 2,300 cases have been confirmed in Texas this spring, the earliest and heaviest outbreak in the history of the Screwworm Eradication Program.

Although sterile fly production at the Mission Lab is running at its peak — 200 million a week — treatment with these flies is not enough to stop the destructive, flesh-eating livestock pest. Clayton urges all livestock producers and owners of other animals (dogs, cats) to follow certain precautions:

1. Carry out all approved preventive practices to help eliminate screwworms
2. Inspect animals regularly and carefully and treat all wounds whether they are wormy or not.
3. Delay all surgery until cool weather this fall. Shearing, docking, castrating and dehorning only provide additional wounds for worm infestations. Studies show that almost 90 percent of all worm samples come from calf navels and man-made wounds.
4. Spray animals with an approved product before shipping them. This is a

PARTY SWITCHING ILLEGAL — Secretary of State Bob Bullock issued a stern warning that June 3 runoff election voters must "stay in the party primary where they voted on May 6."

Bullock said Republicans who voted in the GOP first primary or Democrats who voted in their own May 6 primary cannot switch and participate in the other party's runoff primary.

If violations are discovered, said Bullock, they will be turned over to prosecuting authorities. It is also a violation, of course, for voters to cast ballots in two different precincts, within the same party, reminded the chief state

preventive measure against spreading the infestation.

5. Be cautious of livestock shipments coming from infested areas. If buying such animals, be sure to check them thoroughly for wormy wounds.

6. Care should be taken not to move infested livestock across state lines. Infestations resulting from this practice may bring about a quarantine and the regulated movement of livestock.

7. As soon as a wormy wound is found, send a worm sample to the Screwworm Laboratory, Box 969, Mission, Texas 78572. If the case is positive, sterile flies will be dropped as soon as possible to further protect animals in the area.

"Everyone must cooperate if the screwworm eradication program is to be effective," emphasizes Clayton. "This means farmers, ranchers, pet owners, auction managers and other who work with or own animals."

Self-addressed collecting bottles are available at the county agent's office and are free for the asking.

LEGISLATORS HIT — A former state legislator received a four-year prison sentence for using state stamps to buy a second-hand pickup truck, and four other present or former lawmakers were indicted.

Ex-Rep. Walter Knapp of Amarillo drew the prison sentence. Former Sen. David Ratliff of Stamford and Rep. John Allen of Longview were indicted in a scheme to hire each other's children as legislative aides without requiring them to work. Rep. Tom Holmes of Granbury faced indictment for allegedly using House of Representatives-issued postage stamps to pay most of the price of a pickup truck. Former Rep. Hudson Moyer of Amarillo faces accusation of using House postage stamps to pay off a \$6,000 bank loan.

Travis County District Attorney Robert O. Smith, who prosecuted former House Speaker Gus Mutscher, handled all the investigations and vowed to crack down on any legislator who gets out of line if he can make a case.

Forty-two Texas prison inmates are on death row as the U. S. Supreme Court studies whether the death penalty is constitutional. There has not been an execution in the Texas electric chair since July 1964.

SHORT SNORTS

Liberal Democrats are maneuvering to keep State Democratic Executive Committee Chairman Roy Orr from presiding at the state party convention in San Antonio June 13.

Agriculture Commissioner John White claims a grain theft

ring was broken with the arrest of three itinerant grain truck operators at Cleburne.

State Health Department employees announced a massive attack against venereal disease financed by a \$1.17 million federal grant.

The Texas construction boom may be passing its peak, according to the University of Texas Bureau of Business Research.

TO THE CITIZENS OF PRECINCT 1, JONES COUNTY, TEXAS:

I would like to take this final opportunity before the run off elections on June 3 to thank everyone for their wonderful support in the first primary. Your vote of confidence is deeply appreciated.

I feel that my 22 years experience as an employee of the County qualifies me for the position I seek. I am familiar with the types of operation the road system requires and I believe I can render a better service to the community in the capacity of Commissioner.

I have worked on all phases of road maintenance and bridge construction, as well as keeping our equipment in good condition as a mechanic and welder, thereby, saving the county considerable repair expenses. In addition, I have sat in on court procedures, handled payroll affairs, purchased supplies and attended demonstrations on the use and care of heavy duty machinery.

I am well aware that the office of Commissioner requires a great deal more responsibility than road upkeep. There are many departments of County government in which the Commissioner's Court is involved, namely, the sheriff's department, buildings, institutions, buildings, land titles and disbursement of County tax monies. In summation, a Commissioner is an executor of the tax payer's estate.

If I am elected, I will strive diligently to consider foremost the needs of Precinct 1 citizens and devote my full time to the responsibilities of the office.

Your vote and influence on June 3 will be gratefully acknowledged.

Sincerely,

W. L. (BILL) MOORE

"Texans shouldn't settle for anything less than the best in education. Because we want the best for our children. Because we can have the best. We have the talent. We have the resources. CALVERT**

VOTE FOR PERFORMANCE

There is no margin for error in an office that must guarantee the biennial fiscal solvency of the state—balancing billions in receipts to payments each year. Bob Calvert has built a tax accounting system that is considered a model for study by other states. During 23 years as Comptroller, he has an unblemished record of remarkable public service.

VOTE FOR EFFICIENCY

Bob Calvert has continually modernized operations to provide greater service at lowest cost. The electronic data-processing equipment he installed is recognized as one of the most sophisticated and efficient computer systems in the nation.

VOTE FOR CONFIDENCE

Under Bob Calvert, the Comptroller's Office has returned \$450,776,028.09 to 692 Texas cities since their sales tax was enacted. Every penny has been accounted for. His records are verified by the State Auditor's Department to insure absolute accuracy. The Texas Research League has proclaimed Calvert's office one of the most outstanding in the country in accounting and administration.

VOTE FOR INTEGRITY

The only things "old fashioned" about Bob Calvert are the virtues of honesty and integrity which he considers vital for a person in a position of such public trust. On the other hand, his runoff opponent, who has had six marriages, four divorces and one annulment, was fired from the Comptroller's Department last November after being convicted of aggravated assault on a female.

NOTICE OF HIGHWAY CONSTRUCTION
The Texas Highway Department is planning to proceed with the development of the proposed highway construction of F.M. 2834, from F.M. Highway 1835 east to the end of F.M. Highway 2834, 17.5 miles west of F.M. Highway 1661.

Since the Administration of the Highway Department has approved the route and design proposed for the development of this project, work will begin on the next phase of engineering necessary for the development of this project.

The proposed highway is approximately 4 miles north of Hamlin and will be a usual farm-to-market type highway consisting of a two-lane, 20 foot asphalt paved surface within a normal 100 feet of right of way.

Maps (drawings showing geometric design), environmental studies, and all other available data concerning the development of this project may be inspected at the Resident Engineer's office at 249 North Central Avenue in Hamlin, Texas. Mr. Nelson Shave is Resident Engineer for the project.

LEGAL NOTICE
PUBLIC HEARING of the annual Budget for the City of Hamlin, Texas, will be held at the City Hall building Monday, June 12, 1972, at 1 o'clock p.m.
